

Accommodation for HIS 2002

Below, please find a selection of Hotels or place where to stay with which we have a special arrangement. In those establishments people speak English and you can ask for a special offer mentioning that you are going to participate at the conference HIS 2002.

The mentioned prices are only valid for participants of the conference HIS 2002. If you want to make a reservation, please mention “**HIS 2002 – Special Offer**” when contacting the Hotel of your choice.

The Faculty of Physical and Mathematical Sciences at the University of Chile will host HIS ‘02. The best way to arrive at this Faculty is using the Metro system. Below we indicate the distance from each one of the Hotels to its closest Metro station.

From the conference site to its closest Metro station (“Parque O’Higgins” station; Línea 2) you have to walk about 10 to 15 minutes or can take a Taxi (the price is about US-\$1 one way).

Category *****
