HIS 2002
Hybrid Intelligent Systems

December 01-04, Universidad de Chile, Chile
Second International Conference on Hybrid Intelligent Systems

Call for Papers

HIS'02 is the second International conference that brings together researchers, developers, practitioners, and users of soft computing, computational intelligence, agents, logic programming, and several other intelligent computing techniques. The aim of HIS'02 is to serve as a forum to present current and future work as well as to exchange research ideas in this field.

HIS'02 invites authors to submit their original and unpublished work that demonstrate current research using soft computing/ computational intelligence and other intelligent computing techniques and their applications in science, technology, business and commercial. Please submit a full paper of 8 to 10 pages (Letter or A4 paper) for oral presentation. The proceedings of the Conference will be published by IOS Press. A selected number of papers will also be considered for a special issue of the Elsevier Science Journal "Applied Soft Computing" and for a special issue of the IOS Press Journal "Intelligent Data Analysis". Author's guidelines can be downloaded from the Conference web page.

Important Dates

Deadline for Events Proposals	June 30, 2002
Begin Abstract Submission	July 1, 2002
Deadline for Paper Submission (full paper)	July 31, 2002
Notification of Acceptance	August 30, 2002
Deadline for Camera Ready Papers and Pre-registration	September 10, 2002
HIS'02 Conference in Chile	December 1-4, 2002

HIS'02 will be organized in four tracks:

Track 1: Hybrid soft computing
Track 2: Soft computing for Pattern Recognition and Signal processing
Track 3: Soft computing for Multimedia and Internet Modelling
Track 4: Intelligent data mining

UNIVERSIDAD DE CHILE

Call for Events

We invite proposals for technical sessions/workshops related to the theme of HIS'02. Each technical session will have at least 4/5 paper presentations. Sessions with a large number of papers may be approved as workshops. The session chairs will be responsible for all aspects of their sessions; including soliciting, reviewing, and selecting the papers. To ensure quality of the papers, the technical committee of HIS'02 will be reviewing all the papers/review reports. All approved session chairs will be considered as field editors of the HIS'02 proceedings.

Proposals to organize technical sessions should include the following information:

- title of the technical session
- name, affiliation, mailing address and e-mail address of the proposer(s)
- description of the topic of the session (not exceeding 100 words)
- a short description on how the session will be advertised.

The deadline for proposal submission is June 30, 2002. Please send your proposal to his02@hybridsystem.com

The deadline for papers to be submitted directly to the session chairs is to be determined by the session chairs. However, session chairs must send the soft copy of the accepted papers and review reports to the Conference organizers by July 31, 2002.

Call for Tutorials

Tutorials will be held on Sunday December 01, 2002. Proposals for tutorials that address the technical topics related to the conference theme are welcome. We encourage programs that will attract industrial members, and programs with high anticipated level of interest, impact, creativity.

Tutorial Proposals in MS word/ ASCII/ PDF format must be submitted via email to: his02@hybridsystem.com by July 31, 2002. Tutorial abstracts will be published in the HIS'02 proceedings.

Proposal Format:
- Title
- Abstract / List of Topics (< 1000 words, indicate the number of hours)
- Speakers (complete address, phone, and email)
- Motivation and Objectives (<300 words)
- Primary/Secondary Audience

Organization

Honorary Chairman
Yasuhiko Dote, Muroran Institute, Japan

General Chairmen
Ajith Abraham, Monash University, Australia
Mario Köppen, Fraunhofer IPK-Berlin, Germany
Javier Ruiz-del-Solar, Universidad de Chile, Chile

Local Organizing Chair
Javier Ruiz-del-Solar, Universidad de Chile, Chile

Area Chairs
Track1: Hybrid Soft Computing
Ajith Abraham, Monash University, Australia

Track 2: Soft Computing for Pattern Recognition and Signal Processing
Mario Köppen, Fraunhofer IPK-Berlin, Germany

Track 3: Soft Computing and the Internet
Fabio Abbattista, University of Bari, Italy

Track 4: Intelligent Data Mining
Kate Smith, Monash University, Australia

Web Chairs
Mauricio Gaete, Universidad de Chile, Chile
Diego Sepúlveda, Universidad de Chile, Chile

Finance Chair
Roberto Avilés, Universidad de Chile, Chile

Local Organizing Committee
Roberto Avilés, Universidad de Chile, Chile
Rodrigo Palma, Universidad de Chile, Chile
Richard Weber, Universidad de Chile, Chile
